

DALANI-ZOBEL SECONDARY abc SCHOOL

A WELCOME SPEECH BY THE HEAD PREFECT OF DALANI SECONDARY SCHOOL

Venue: Dalani school, Blantyre City, Malawi, Africa

DATE: 10th December, 2012

Our Guests of Honour, Mr F.J. Kuhn and Mrs Clasen, the Director of the school Mr. B. Zamgule, the head teacher, members of teaching staff and my fellow students, you are all warmly welcome to Dalani-Zobel Secondary abc Schools- feel at home and relax.

On behalf of my fellow students and on my own behalf, I express my heartfelt gratitude to Mr. Kuhn, Mrs Clasen and Zobel family for the enormous love you have manifested by not only contributing to the construction of the school but also finding kind people who are paying fees for us. We do not take it for granted. Without your assistance we would be in streets now begging, stealing and prostituting.

You have granted as a privilege which no other community is enjoying in our region and we humbly ask you to continue assist us and we will in turn demonstrate good behaviour both at school and home and work hard in class.

Our Guests of honour, Mr. Kuhn and Mrs Clasen, allow me to highlight some of the challenges we are facing. They are:

- The books are available yes, but they are inadequate.
- We are living in a global village, this global village is possible only when you have access to internet on computers. It is , therefore, the students appeal that you should provide the school with some computers. " COMPUTER STUDIES" is examinable subject in secondary schools but here at Dalani we do not have that chance yet because we do not have computers.
- It is a great concern to us again that competing form 4 only helps us to read, write and count but we can hardly be employed. It is therefore, our appeal that if we fail to qualify for University Education, sponsor us for other tertiary education such as Carpentry, electronics, plumbing, motor vehicle mechanics, building

Our guests of honour, allow us to overload you with this message to individuals who are assisting us with School fees.

*"OUR EDUCATION BACKBONE HINGES ON THEIR SUPPORT
THEY ARE OUR FOUNTAIN OF HOPE
THEY ARE OUR LIGHT IN THE DARKNESS
THROUGH THEM WE SEE OUR MILK AND HONEY POSSIBLE IN NEAR FUTURE."*

In conclusion, we thank you very much for paying us a visit and we wish you a nice stay in Malawi and a safe journey back home.
